

January 24, 2017

Dear New School Age Parents,

With summer quickly approaching we wanted to share with you how our summer day camp program works. In the summer we offer a day camp for all kids going into 1st grade through 6/7th grade or 12 years of age. Our hours stay the same, we are open from 7am-6pm, but your child will be on field trips almost every day.

We schedule 2 field trips every day and go everywhere from our own skating rink to Wool A Roc Museum, the Tulsa Zoo, Incredible Pizza and so much more. Here on campus we'll be holding our own Olympic Games and the children will dazzle us during our Annual Rhema Kids Talent Show. In an effort to help your children to develop as much as they can we are holding "Character Building" classes.

Every year we add new field trips, but always make sure to keep the favorites that our kids ask for again and again. We consider this camp an opportunity to pour into the lives of children that we may not see on a regular basis. Our campers are a fun mix of kids that have never attended Rhema and kids that have grown up in our preschool and get to visit us for this short time. We like to make sure your kids have a summer that they will never forget!! They will be super busy!

Tuition for our summer day camp is \$130 per week that your child attends and a \$300 field trip fee that must be paid at the time of registration. If your child is not here for 1 week in the summer you will not be charged that week. However, tuition is due each Monday morning before your child may attend for the week.

Currently we are updating our summer packet and we will have it ready by President's day. At that time you will be able to pick up your packet. Starting on March 20, 2017 we will start summer camp registration. In order to sign your child up for summer camp **you will need to pay the \$300 field trip fee and have the packet of paperwork completely filled out.** By the first of April we will have a calendar and field trip permission slip for each grade for the summer.

We are planning an exciting and fun summer and we love to have your child be a part of it! If you have any additional questions, please feel free to contact RHEMA Child Development Center at 918.258.0594.

Sincerely,

Jodi Halseth
